

## **Questions and Answers from RFP #2075 Early Childhood Enrichment Program**

1. **Vendor Question:** Could you please provide clarification on the number of previous contracts/services needed?

- Page 11, Section 4.9 Relevant Project Experience - Identified two previous and current service/contracts.....
- Page 17, section 5.0 Proposal Response Format - Section 5.2 (I) Attachment 4.9 states three.....

**State's Response:**

Two previous and current service/contracts performed by the offeror's organization are requested as part of vendor proposals as noted on page 11, Section 4.9 Relevant Project Experience. Note, Page 17, Section 5.2 (I) is a misprint and should have stated two previous and current service/contracts.

2. **Vendor Question:** Section 3.1 Core Service Description and Expectations: outlines the services that must be available to parents, practitioners, and/or the public.

The following projects were included under this item but have been paid with supplemental contracts.

- Child Safety Seat Distribution & Coordination
- Coordination of Reach out and Read activities
- Responsive Parenting training and coordination
- fitCare Initiative

Should these activities be combined into this RFP proposal for the budget section?

**State's Response:**

These activities should not be combined into this RFP budget proposal. It is an expectation of Early Childhood Enrichment agencies that these activities will be incorporated into the work, but specific budget amounts for these services will be supported with supplemental funding. If future funding is not available for these activities, it will be up to the vendor as to whether or not to continue or to secure local fund sources.
